

## News Release

### TerraBioGen Closes Private Placement

**Vancouver, Canada, July 14, 2015** – TerraBioGen Technologies Inc., a developer of proprietary high-value agriculturally bioactive products, announces that it has closed a private placement.

The private placement is for 42,000 units at \$10.00 per unit for proceeds of \$420,000. Each unit consists of one common share and one warrant exercisable at \$12.00 per share for 5 years.

These funds will be used to enhance the Company's commercialization efforts through further product development, field trials, collaboration development, and securing intellectual property rights.

#### About TerraBioGen

TerraBioGen Technologies Inc. has developed technologies for the production of innovative, high value, environmentally progressive agricultural and horticultural bio-products that improve crop health and yields, and suppress crop disease. The Company is committed to research and development to continue to improve the effectiveness of its technologies, the quality of its products, and the creation of new product lines. Further, the Company is taking steps to secure intellectual property rights to these active ingredients and to formulate them in order to fully commercialize their potential.
